WHY CHOOSE VIATEK?

WE SUPPORT OUR LOCAL COMMUNITIES

Viatek is an active, supportive and valued member of the communities in which we operate. From employing local people to sponsorships and donations, we're able to give something back. Supporting the communities that support us.

SUSTAINABILITY

We understand there may be a certain level of irony in a printing solutions specialist supporting environmental causes - after all, paper is typically only made from one thing.

At Viatek, we fully support and comply with ISO 14001 – the International Standard for Environmental Management Systems, by promoting reuse and recycling through the resource recycling systems of FUJIFILM Business Innovation Australia.
